PROFESSIONAL SUMMARY:

Data Analyst fresher with hands-on experience in Excel, Google Sheets, SQL, and Power BI, specializing in dashboard development, KPI tracking, and data-driven reporting. Skilled in analyzing business and customer data to generate actionable insights, with growing exposure to marketing analytics and performance tracking. Proven ability to automate reporting and improve decision-making efficiency.

TECHNICAL SKILLS

Excel, Google Sheets (Pivot Tables, dashboards)
SQL, Python (Pandas, NumPy)
Power BI
Data Extraction, KPI Tracking, Reporting
Google Analytics (Basic), Meta Ads (Basic)
Joins, Aggregations, Window Functions, CTEs
Git, Jupyter Notebook

PROJECTS

Sales KPI Dashboard

(SQL | Excel | Power BI)

- Analyzed 8,000+ sales records to identify revenue drivers and customer trends
- Built dashboards tracking KPIs similar to marketing and sales performance metrics
- Reduced manual reporting effort by 20% and improved decision-making speed

Automated KPI Reporting System

(Python | Power BI | Excel)

- Developed automated reporting pipeline processing 1,000+ records
- Reduced reporting time by 25% using Python and Excel automation
- Enabled real-time performance tracking and operational insights

A/B Testing Analysis for Conversion Optimization

(Python | Statistical Analysis)

- Designed and analyzed A/B tests to evaluate user engagement and conversion
- Provided insights to improve campaign performance and user experience

Customer Behavior & Segmentation Analysis

(Python, Pandas)

- Segmented 5,000+ customers using K-Means clustering
- Identified high-value segments for targeted marketing strategies
- Supported data-driven marketing and customer engagement decisions

EXPERIENCE

Data Analytics Virtual Intern – Quantum (Forage) | 2025

- Analyzed 10,000+ retail transactions to identify sales and customer behavior trends
- Built automated Excel and Python reports to improve efficiency by 20%
- Generated insights supporting business and marketing decisions

Data Analytics Virtual Intern – Tata (Forage) | 2025

- Cleaned and validated 5,000+ datasets for accurate reporting
- Extracted KPIs and built dashboards for performance tracking
- Supported data-driven insights for business operations

EDUCATION:

B.Tech  – Computer Science & Engineering (Data Science)
Audisankara College of Engineering & Technology
2021 – 2025
